Mystery Activities

There are mystery activities on the course.

Timing

The clock will start at the beginning of the race and your time to complete will be taken when your team has crossed the finish line. You have up to 3 hours to collect as many points as possible. Use your time well as you will not get points for finishing early (you may as well be out there getting more points). If a team decides to stop for a rest the clock still continues. In the case where teams are tied in points, the first team across the finish will win. The idea is to get all points. If you finish over 3 hours – you will not be eligible for a placing.

There will be options to cut the course short so you can finish within the three hour cutoff.

Placings and Awards

Placings are based on points gained over the course after adjustments for lateness.

Prizes

Prizes will be allocated according to numbers in each category.
